.. What will probably be the greatest aggregation of field and track athletes ever gathered together in the State of Virginia will appear in competition here on next Saturday in the State intercollegiate and interscholastic field

here on next Saturday in the State intercollegiate and interscholastic field and track games which will be held at the Fair Grounds, and will be the first outdoor meet ever held in Richmond. It was decided late Saturday night to hold the entries open a few days longer than had at first been settled, and at a late hour last night the management of the games was still busy classifying the lists that had piled in during the day. Practically every college in the State will be represented in what promises to be a banner affair. Virginia Polytechnic. William and Mary, Richmond College and the University of Virginia are among those institutions which sent in entry blanks with the names of the cream of their athletes. Never before in the history of amateur sports in the State have the different colleges and universities shown such a marked interest in an affair of this kind, and from the number and class of representatives which each has decided to send, the competition in every event on an attractive program should be keen.
